MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Judge Clark, 22 June 1983

1. I presented our concerns on the NSDD-97 steering group, namely that CIA was not represented and yet we had a large chunk of the action

Therefore we were very much of a key player. Clark indicated that our comment sounded persuasive and that he would look into it.

ACTION: We might want to follow up with DeGraffenreid to make sure that action is being taken to make us a member or at least an observer on the steering group.

2. I then discussed NSSD-13, the national space strategy, and again pointed out to Judge Clark that our concerns seemed to fall on deaf ears. I noted to him that there was a move afoot in the Pentagon, namely the Air Force, to take over the NRO and it seemed the NSC staff was aiding and abetting by continuing to ignore the Director's concerns. Again the Judge was not alert to the nuances of this problem but said he would check into it.

3. We then discussed Chad, noting that Habre was about to have a very difficult time, needed assistance, and recommended that Clark urge the French to join in the fray to support Habre. Clark said he would raise it with Shultz and ask Shultz to prevail upon Paris.

4. The Director noted that the FOIA hearing went very well and mentioned briefly [redacted] at the CI conference without going into details. With that the meeting concluded.
